# **ABOUT**

---

## **CHRIST (DEEMED TO BE UNIVERSITY)**

CHRIST (Deemed to be University) was born out of the educational vision of St Kuriakose Elias Chavara, an educationist and social reformer of the nineteenth century in South India. He founded the first Catholic indigenous congregation, Carmelites of Mary Immaculate (CMI), in 1831 which administers CHRIST (Deemed to be University).

“CHRIST (Deemed to be University) was established as ‘Christ College’ in 1969. It undertook path-breaking initiatives in Indian higher education with the introduction of innovative and modern curricula, insistence on academic discipline, imparting of Holistic Education and adoption of global higher education practices with the support of creative and dedicated staff.”

The University Grants Commission (UGC) of India conferred Autonomy to Christ College in 2004 and identified it as an Institution with Potential for Excellence in 2006. In 2008 under Section 3 of the UGC Act, 1956, the Ministry of Human Resource Development of the Government of India, declared the institution a Deemed to be University, in the name and style of Christ University. One of the first institutions in India to be accredited in 1998 by the National Assessment and Accreditation Council (NAAC), Government of India, and subsequently in 2004, 2016, 2022 CHRIST (Deemed to be University) is currently accredited with ‘A+’ Grade. The University is ranked among top 100 universities in India at 67 in the NIRF India Ranking 2023 of Ministry of Education, Government of India.

The multi-disciplinary University which focuses on teaching, research and service offers Bachelor, Master and Doctoral programmes in humanities, social sciences, sciences, commerce, management, engineering, architecture, education, and law to about 30000 students. The University offers its programmes across six campuses in India, out of which four campus locations are situated at Bangalore in Karnataka, one at Lavasa, Pune in Maharashtra and one at Ghaziabad in Delhi NCR.

# DEPARTMENT OF COMPUTER SCIENCE

---

The department was established in the year 1990, with a curriculum in line with industry expectations and research. The department also provides opportunities to work on collaborative projects with industry and international universities, faculty expertise in recent technologies and Alumni support are some of the department highlights.

The Department of Computer Science of CHRIST (Deemed to be University) strives to shape outstanding computer professionals with ethical and human values to reshape the nation's destiny. The training imparted aims to prepare young minds for the challenging opportunities in the IT industry with a global awareness rooted in the Indian ethics and values.

## GATEWAYS 2K24

---

Gateways 2024, the national level intercollegiate IT fest, is being organized by the Department of Computer Science, CHRIST (Deemed to be University) on the 14th and 15th of November 2024. The two-day extravaganza provides a platform for postgraduate students to showcase their talents in various fields. The theme for this year's Gateways 2024 is "Tech Olympus" consisting of numerous technical and non-technical events along with a surprise event. The department will also be publishing the 20243 edition of INFOBAHN, a bi-annual magazine, during the fest.

Gateways is the national technical fest held annually for over 25 years by the Department of Computer Science of CHRIST (Deemed to be University), Bangalore. Helmed by students of the post-graduate MCA (Master of Computer Applications) and MSc AI-ML (Artificial Intelligence and Machine Learning) courses, it aims to be at the forefront of innovation and collaboration, with new ideas and events being presented each year. We invite colleges from all over India, with enthusiastic participation from all those who join us for this gathering of minds. An essential part of Gateways is its robust and dynamic theme which reflects both the trends of the present, as well as the history carried by the discipline.

Inspired by the grandeur of Greek mythology, Tech Olympus blends ancient myths with modern technology to showcase the timeless power of innovation. Drawing from the legendary pantheon of 12 Greek gods, this year's theme highlights Zeus as the central protagonist, with each of the other 11 gods symbolizing unique events that celebrate various aspects of technology and computer science. Participants will embark on an epic journey through workshops, competitions, and discussions, exploring how classical mythology intertwines with cutting-edge advancements in the digital realm. Gateways 2024 invites students and tech enthusiasts nationwide to ascend Mount Olympus, unlocking the divine potential of technology and human ingenuity.

# GENERAL GUIDELINES FOR PARTICIPANTS

---

Any student pursuing postgraduate in computer science, data science, information technology or related fields can participate.(Only applicable for MCA and MSc)

Accommodation for participants will be available from 14/11/2024 to 15/11/2024, on first come first serve basis. Contact us for more details.

Participants must bring a undertaking letter and ID card from their institution to participate.

Participants are requested to register through the website only.

Students are required to follow the decorum of the event. Failing to adhere would lead to elimination.

Participants are advised to clarify their doubts with the respective event heads before the event.

Participants are requested to be well groomed and assemble at the venue of their events 15 minutes before the event starts.

If eliminated, participants are welcome to participate in other events, keeping the time constraint in mind.

Participants can opt for multiple events keeping the time constraint in mind.

The decisions made by the judges will be final.

Participants will be held responsible for any damage caused by their actions during the fest to Christ University Property.

Details about HERA'S TRAILS (surprise event) will be provided on-spot.

# ARES TECHWAR

Welcome to Ares TechWar: The Mythological Hackathon! Step into a realm where ancient mythology meets futuristic tech. Inspired by the legendary quests of ancient Greece, Ares TechWar challenges you to create cutting-edge solutions that push the boundaries of innovation. Join developers, creators, and visionaries in a thrilling competition where mythological themes guide your journey, but your projects can span any modern tech domain. Solve real-world problems or design groundbreaking innovations while competing for exciting prizes in a unique, myth-inspired setting. Unleash your creativity, collaborate with others, and let your skills shine. The gods may inspire, but your innovation will define victory!

HACKATHON

# APHRODITE'S AURORA

APHRODITE'S AURORA celebrates the timeless allure of Greek mythology, drawing inspiration from the grace and elegance of Aphrodite, the Greek goddess of beauty and love. The event begins with participants crafting UI/UX designs using Figma, channeling the rich artistic heritage of ancient Greece and the mythological aesthetics of the gods and goddesses. In the next phase, these designs are brought to life as functional interfaces using HTML and CSS, blending classical beauty with modern design principles. Only the most creative and meticulously crafted designs, embodying the essence of ancient myths, will shine through and claim victory, symbolizing a revival of classical artistry in the digital age.

# HERMES' BYTECHASE

Step into a realm where ancient Greek mythology takes center stage in our thrilling event, "Hermes' Bytechase." Participants will navigate a mystical underworld filled with legendary figures and mythical creatures. As cunning explorers, you'll need to outsmart powerful gods, decode cryptic messages from oracles, and face mythical beasts to uncover hidden secrets and treasures. Each challenge you face will test your programming, strategy, decrypting, and problem-solving skills, all while drawing inspiration from the epic tales of Greek lore. Only those who master the art of strategy and embrace their mythological heritage will rise to claim victory in this exciting journey through the ancient world. Will you be the hero who overcomes the trials, or will you be lost in legend?
